2010	2,684	65.5	175,904	160.3	281,974	45,307

1/For producers with 5 or more colonies. Colonies which produced honey in more than one state were counted in each state.

2/Honey producing colonies are the maximum number of colonies from which honey was taken during the year. It is possible to take honey from colonies which did not survive the entire year.

3/Average price per pound based on expanded sales.

4/Stocks held by producers.
